Senator_________:  

The League of Women Voters of Nebraska supports policies and programs that promote a safe school environment for all students.

LB1080 provides that all school districts have policies that address appropriate conduct between school employees and students. LB1080 clearly describes what employee behaviors would be prohibited and directs school districts to develop procedures for reporting suspicious and/or unacceptable conduct. The bill establishes appropriate consequences for violations of school policy by employees including dismissal and removal of teaching certification.

Our Nebraska schools must be safe places for students to learn. The League of Women Voters of Nebraska believes that LB1080 will help to provide a safe learning environment for our students.

The League of Women Voters of Nebraska urges you to vote to advance LB 1080.

Sincerely,

Sherry Miller, VP Action, LWVNE  
Lynne Elwood, Education Director
